Reviewer A:

Title

Title reflects the essence of the content of the article (content, method, novelty)

:

Covid 19 is something to differentiate from research themes. almost all research problems can be linked to Covid 19, including the problem of the role of women in the household. This theme is interesting and is included in the study of family studies and the role of women in accordance with Samarah's focus.

Abstract

Abstract contains problem of research, method, and result

:

1. research methods should be mentioned first at the beginning of the

abstract.

2.add keywords: family study

Originality

The originality of the subject matter, and the manuscript would be of interest to the the scholar of Islamic countries in general and specifically in Indonesia

:

This study contains authenticity from several aspects:

1. The theme is related to Covid 19.
2. The role of women in higher education (lecturers).
3. childcare and women's duties in the public world.

The Depth of Literature

Whether the article draws on an appropriate range and depth of literature (if not please indicate which sources of literature should be included by the author in future)

:

literature still needs additions, especially those from Scopus journals related to the role of women, learning during the Covid period, social and religious situations during the Covid period,

Finding Presentation

Whether the findings presented are subjected to suitable analysis and sound conclusions drawn

:

This study succeeded in explaining the experiences of female lecturers in raising children, accompanying children in learning during the Covid 19 period. This theme may be ignored by many researchers, even though this study shows challenges for families including for female lecturers in their households.

Implications for understanding the study of Islamic family law and Islamic law in Islamic in Islamic countries in general and specifically in Indonesia

:

the implication of this study is that all groups are affected by the Covid 19 case, including educated families such as the experience of female lecturers who play a role in their households. This experience can be a good lesson if other cases occur elsewhere. This study also shows that the role of women as mothers, breadwinners (lecturers) becomes something important during Covid.

Technical writing

Articles must be in accordance with the surrounding style and journal template

:

1. The footnotes need to be completed especially for interviews. 2. Writing references should be adjusted to the Samarah journal format. 3. complete the DOI if citing the journal (in references).

Additional comment for the author:

This manuscript may be published with some minor corrections.

Reviewer B:

Title

Title reflects the essence of the content of the article (content, method, novelty)

:

This article is in accordance with the focus of the Samarah journal specifically on family studies. The article is interesting because it portrays the role of women who have "dual roles" as lecturers in universities.

Abstract

Abstract contains problem of research, method, and result

:

It seems more appropriate to use role theory in analyzing this article.

Originality

The originality of the subject matter, and the manuscript would be of interest to the the scholar of Islamic countries in general and specifically in Indonesia

:

Many studies have been conducted on the role of women in the domestic and public spheres. but the dual role of female lecturers has not been widely carried out especially in relation to the Covid-19 period. this is a novelty of this research.

The Depth of Literature

Whether the article draws on an appropriate range and depth of literature (if not please indicate which sources of literature should be included by the author in future)

:

This article should also refer to the results of research on similar matters in Indonesia that have been published in both Scopus journals in Indonesia and outside Indonesia.

Finding Presentation

Whether the findings presented are subjected to suitable analysis and sound conclusions drawn

:

the data displayed, discussion and analysis with the theory used in the article are in harmony with the conclusions.

Implications for understanding the study of Islamic family law and Islamic law in Islamic in Islamic countries in general and specifically in Indonesia

:

This study will have implications for a broad and progressive understanding of family studies specifically for women's dual roles, as mothers and workers outside the home. so that this shows the characteristics of an egalitarian Indonesian society as the characteristics of an agrarian society, in contrast to a nomadic society.

Technical writing

Articles must be in accordance with the surrounding style and journal template

:

1. please include the research method according to the samarah format.
2. add references (especially journal articles).

Additional comment for the author:
